CITY LAUNCHES NEW, IMPROVED WEBSITE

Medicine Hat – The City of Medicine Hat today launched a new website to make it easier for residents, visitors and business owners to access information about services.

In addition to a new look that's easier to read, the site has improved navigation and accessibility features such as:

- Drop down menus
- City Services A-Z site map
- The ability to change the text size
- New "Visitors" and "Business" links
- Key "Residents" service information within one click
- The latest news releases and public advisories

"The new site is part of our ongoing commitment to provide residents with accurate, accessible and timely information," says Gerry Labas, Chief Administrative Officer. "It will be easier to find information about City services, as well as who to contact if you have any questions or concerns."

As part of the development of the new site, the City researched the best practices of websites, reviewed website user statistics, reviewed and updated all information from the former City website and sought feedback from local residents.
